**ADMINISTRATIVE LAW JUDGE'S RULING
REQUESTING COMMENTS ON PENDING APPLICATIONS**

These applications seek Commission approval of a settlement agreement involving Pacific Gas and Electric Company (PG&E), San Diego Gas & Electric Company (SDG&E), and Southern California Edison Company (Edison) related to the purchase by customers of their existing electric meters. The settlement agreement would resolve all issues related to such sales.

Processing of the applications was deferred during the energy crisis. A proposed decision has been prepared and is ready to be circulated for comment. Before that is done, however, the Commission seeks information on whether the applications are unchanged, or whether changes in the applications are warranted because of recent events and the passage of time.

PG&E, SDG&E and Edison are asked to comment on whether the applications should be amended, withdrawn, or processed without change. Comments should be filed within 30 days of the date of this ruling.

IT IS RULED that applicants are asked to file comments within 30 days on whether these applications can be processed without change, or whether changes in the applications are warranted because of recent events and the passage of time.

Dated March 29, 2002, at San Francisco, California.
